

Dancers given a helping hand to begin competing

A NEW dance troupe has been kick-started by a generous cash donation.

Dance Action Zone Leeds, which runs a number of dance groups across south and east Leeds, was given £500 from LV Insurance to get Gipton Goldstars up and running.

Ian Rodley, director of DAZL, said: "For a group like this it will make a major, major difference.

"It will pay for their hall hire for about six months which provides a real base for them."

The contribution will help more than 40 dancers from Gipton work towards their first competition, which they hope will be in 2012.

Gipton Goldstars are also set to perform in their debut show on Tuesday at the Church of the Epiphany, in Beech Lane, Gipton.

Mr Rodley said: "It's even more rewarding as the group has been developed by two of our young dance leaders, Hope Sellers and Lizzy Ingham who both started as DAZL participants."

The donation was suggested by parent of a participant and LV employee Angelique Armitage.
